

NEW ELEGANCE

As can be gathered from the name, this range contains machines with a very sober and elegant look. A machine in the New Elegance range suits all environments where you wish to serve an espresso. Thanks to the New Elegance range, Crem International can offer a broad spectrum of very well-made and reliable machines. They come in many versions, ranging from the basic models to the most advanced Takeaway models. Whatever your requirements, the New Elegance range has a model for you.

FEATURES

The machines with a display are also equipped with an advanced PID sensor system so that the water always keeps an exact brewing temperature. The temperature is continuously monitored and is rapidly adjusted if it changes. This means that the temperature can be adjusted for the very best espresso experience.
